**Full day tour to Sky Park**

Sky Park Sochi is the first and only high-altitude adventure park in Russia. Skypark is located in a unique natural location — Akhshtyrsky Gorge. The park is located in the Akhshtyr gorge, whose arches rise 200 meters above the Mzymta River. The length of the gorge is about 2.5 kilometers. It is part of the Akhtsu mountain range. On the slopes of the gorge you can see Jurassic limestones in which Mzymta washed her unusual route. The Caucasian mountain range, the Akhshtyr Gorge, the Mzymta River, the Black Sea, Trout farming and Ship Rocks — from the beauty of panoramic views in Skypark, are literally breath-taking. Here you can stroll along the longest suspension pedestrian bridge in Russia, which is one of the top 13 most impressive bridges in the world according to CNN, fly on the highest swings in the world, jump from the highest bungee platform in Russia, ride a super-fast trolley and see the world from a bird's eye, flying on Zipline. Skypark — a unique experience park!  
Walk on the Sky Bridge is included in the cost

**Day 5: Sightseeing - Sochi**

Breakfast at the hotel

**Half day jeep safari among canyons and waterfalls**

Perhaps this is one of the most extreme excursions in Sochi, which is based on a visit to the Psaho Canyon, located in the Adler district of Sochi in the Psaho River valley. You will have a chance to visit many beautiful places and see fantastic breath-taking views of Sochi and Adler area on the way to the Psaho Canyon, and Psaho River valley through picturesque sections of mountain roads and along the channels of stormy rivers. You will visit the inaccessible places of the Sochi National Park and the Caucasian Biosphere Reserve, see the ancient pagan Dolmens, collect water from the holy springs and explore beautiful waterfalls.

**In the afternoon – visit the Olympic park**

The Olympic park was constructed for the 2014 Winter Olympic games. The Olympic Park houses the main Olympic Stadium used for the Games' ceremonies, and the venues that were used for indoor sports such as hockey, figure skating, curling, and speed skating. It also houses training facilities, the Olympic Village, the international broadcasting centre, and other amenities. The park was designed so that all of the venues would be accessible within walking distance of each other. The venues are situated around a water basin containing a fountain known as "The Waters of the Olympic Park"; the fountain measures 5.3 meters in diameter with a capacity of about 700,000 gallons of water, featuring more than 250 nozzles and jet systems that can create fog and choreographed water displays set to music.

Golf-car tour of the park.

Later – seeing the Dancing fountain show.
